Significant benefits that may accrue to the Member

The Fund has been established for the Primary Purpose of providing age pensions to members. The Fund may also provide lump sum benefits and certain ancillary benefits to members provided certain conditions are met.

The Fund cannot provide a pension benefit, a lump sum benefit or an ancillary benefit where to do so would prejudice the Fund's status as a Regulated Superannuation Fund.

The amount of any pension benefit and any lump sum benefit will be determined by the balance of the member's Accumulation Account, the member's age and gender.

The amount of any other benefits, including total and permanent disability benefits, temporary total disability benefits, death benefits, financial hardship benefits and other ancillary benefits able to be paid by the Fund will be largely determined by the balance of the member's Accumulation Account.

In some cases the payment of a benefit may be subject to the trustee's discretion.

The amount of a Member's Accumulation Account will be determined by the factors listed in clause 3 of the Fund's trust deed. These factors are dominated by the rate of return earned on the Fund's choice of investments under its investment strategy.

SUPERANNUATION FUND TRUST DEED

The rate of return earned on the Fund's investments depends on factors outside the control of the Fund's trustees.

Significant risks faced by a Member

There are a number of significant investment risks faced by Members. These include:

- (i) the risk that general economic conditions in Australia and overseas will lead to poor investment returns for shares and property and other investments held by the Fund, both in Australia and overseas;
- (ii) the risk that an investment manager or an investment consultant engaged by the Fund will not perform well and will only generate returns below the market average; and
- (iii) the risk that the specific shares, properties and other assets held by the Fund will fall in value or will not increase in value in line with the market average for that class of asset.

The Trustees are responsible for the Fund's investments strategy and believe that the current investment strategy minimises these risks subject to its performance goals.

The Fund also faces a number of other compliance and legislative risks connected to its status as a Regulated Superannuation Fund. These include the risk that the Fund will be exposed to significant tax penalties and other penalties as a result of the Fund breaching the Superannuation Law.

Costs faced by Fund members

The Fund will incur certain costs. These costs will be effectively passed on to the members by decreasing the Fund's net income each year, and hence decreasing the amount of benefits allocated to each Member's Accumulation Account each year.

The Fund's costs include accounting and audit fees and bank charges. The accounting and audit fees charged by the service provider and related entities are time based and are largely determined by the number and complexity of the transactions engaged in by the trustees each year.

Commissions and other amounts payable

Commissions or similar amounts may be paid to third parties such as managed funds and property syndicates should the Fund trustees choose to acquire and hold these investments.

The terms, obligations and conditions of the member's interest in the Fund

The rights, terms, obligations and conditions of the member's interest in the Fund are detailed in the Fund's trust deed. In summary, the Member is entitled to the full benefit of amounts contributed to the Fund by or for the Member plus earnings thereon less the Member's share of any costs or losses including taxation incurred by the Fund, subject to the Superannuation Law.

The Member is obligated to do all things necessary to comply with the Fund's trust deed and to comply with the Superannuation Law. This includes notifying certain information to the trustees whether on the happening of a certain event, such as reaching a certain age, or otherwise.

SUPERANNUATION FUND TRUST DEED

Cooling off scheme

There is no formal cooling off scheme under the Fund's deed. This is because there is no need for it. The decision to become a Fund member can be cancelled at any time by the Member. This can be done, for example, after initiating a transfer of benefits to the Fund but before the transfer is completed by cancelling the transfer. It can also be done at any other time by initiating a transfer of benefits from the Fund to an Approved Superannuation Arrangement.

There are usually no significant costs attached to this. However, if the Fund has to be wound up as a result of the member transferring benefits to another superannuation entity there may be costs attached to the winding up of the Fund.

Dispute resolution process

There is no formal dispute resolution process. This is because there is no need for it. Each member is a trustee or is a director of the corporate trustee and therefore has full access to all relevant information. Each member may transfer out of the Fund to another Approved Superannuation Arrangement should the member not be satisfied with any aspect of the Fund's operations.

Ethical considerations

The Trustees are not aware of any ethical consideration that may influence the member's decision to become or remain a member of the Fund.

The Trustees are not aware of any ethical consideration that may affect the Fund's investments.

The Trustees' knowledge of Superannuation

The Trustee's knowledge of the Fund and of other Approved Superannuation Arrangements is sufficient to allow the Trustee to decide to act as a trustee of the Fund and to discharge all the responsibilities of a trustee.
